

HP Color LaserJet Pro M254 Printers - Replacing Toner Cartridges

This document is for HP Color LaserJet Pro M254dn, M254dw, and M254nw printers.

To replace the toner cartridge, open the toner cartridge door, remove the old toner cartridge, and then install the new toner cartridge.

NOTE:

The imaging drum is integrated into the toner cartridge. To replace the imaging drum, you must replace the toner cartridge.

Replace the toner cartridge

If a toner cartridge is empty, replace it with a new, genuine HP toner cartridge.

NOTE:

The printer in these images might not look exactly like your printer, but the steps are the same.

1. Open the front door.

Figure : Opening the front door

2. Grasp the blue handle on the toner cartridge drawer, and then pull out the drawer.

5. Remove the toner cartridge.

CAUTION:

Do not touch the imaging drum on the bottom of the toner cartridge. Fingerprints on the imaging drum can cause print quality problems.
